Newsletter No 19 – 4th December 2025

Principal's News

Last week our Student Council presented their project at the Wanneroo Council Leadership Forum.

I could not have been prouder. They stood and spoke confidently, their project had value and was well presented, and they did it without notes of any type. The only school to do so.

They were the best by a long way and as you can see from the picture below, they were all proud of what they had done.

Thank you, Mr Hooper, for all that you did to prepare them for this very important moment.

Dear parents and carers,

I have received the following information from the Department of Education.

The safety of students is our priority and under WA laws, only individuals aged 16 and over are permitted to use eRideables or eBikes with the motor engaged.

From 2 February 2026 (first day of Term 1), the Department of Education is introducing a ban on the use and storage of eRideables and eBikes on public schools grounds by students under the age of 16. This ban supports student safety and aligns with road safety laws.

Please be advised that from Term 1 2026, if a Rawlinson Primary School student brings an eRideable or eBike on Rawlinson Primary School grounds, the device will be confiscated, and parents/carers will be contacted to collect the device.

For students in Year 6 going to High School.

eRideables

Students aged 16 and over may store their eRideable safely at High School, provided they comply with all relevant laws, including:

- Helmets are required
- Only one rider at a time
- Maximum speed: 10 km/h on footpaths.

eBikes

Students aged 16 and over may store their eBike safely at High School provided they follow the major rules for eBikes, including:

- The motor can have a maximum power output up to 250 watts
- The bike needs human power to make it move - it is not meant to be ridden using the motor alone
- The road rules applying to regular bicycle riders also apply to eBike riders.

Please be aware that not all eRideables or eBikes sold in WA are legal to ride on WA roads and paths. Visit the Road Safety Commission for more information on [eRideable](#) and [eBike](#) laws, penalties, buying guides and safety.

Thank you for your support in keeping our students and school community safe.

Kind regards
Darryl Dedman

Spotlight on Literacy

Spotlight on Literacy

Celebrating the wonderful literacy learning taking place in our classrooms.

Pre-Primary

Our Pre-Primary students have been learning to write narratives.

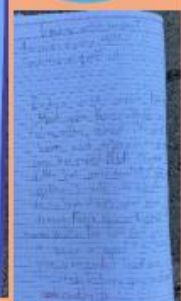

We have been learning how to write a narrative, which is a story. -Vivian

You have to write when, who, where, take off, problem and resolution. -Chase

We made up Pete the Cat stories. My story is about Pete the Cat at a Halloween party. -Sienna

Our Year 3 Students have been learning to write limericks and 'Ending with Impact'.

Year 3

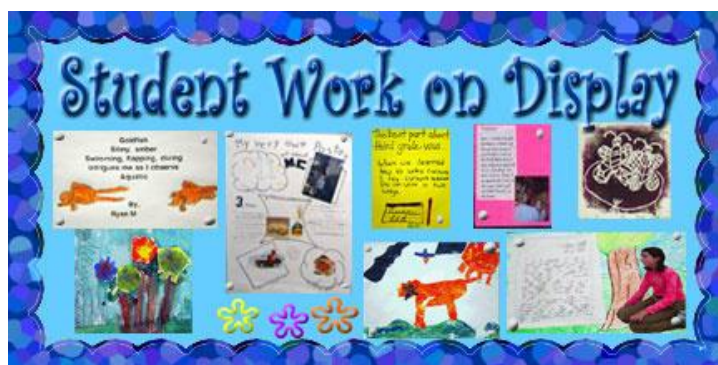

A limerick is writing that rhymes. We made laughing limericks. That means that it has to be funny and make people laugh and enjoy reading it. My laughing limerick is about a cute cat that likes to eat snacks. -Thea

A limerick only has 5 lines and there are rules about how many syllables can be in each line. It has an AABBA pattern- the first, second and last lines rhyme and the third and fourth lines rhyme. -Enkela

We also learnt how to write reports and narratives. We were learning to write an 'Ending with impact'. At the end of your writing, you can retell parts of your writing and link it back to the intro. You have to make the reader think. -Davina

Student Work on Display

Students from K3 will have their work displayed Weeks 9 & 10 of Term 4.
Please visit the Office to admire the work that is on display.

REFLECTING ON A WONDERFUL YEAR

Academic Innovation

NUMERACY

Our school continues to make great strides academically, introducing the Mental Math Program and Math Intervention this year to complement the outstanding Literacy work led by Ms O'Bryan and Mrs Wilsmore. With Mr Luck's leadership in Numeracy planning and programming, and support from Mrs Lawler, students from Year 1 to Year 6 have benefited from targeted extension and intervention. These initiatives reflect our commitment to equipping every child for success, and we look forward to continuing and refining the program next year to meet individual student needs.

Look What We Achieved

COMMUNITY CONNECTIONS

Earlier this term, our Year 5 students had the privilege of visiting Juniper Aged Care and sharing afternoon tea with the residents. This experience gave our students a deeper understanding of the lives and challenges faced by elders in our community, fostering empathy and respect.

CELEBRATING THE WAGYL GARDEN

Another significant milestone was the opening of our Wagyl Garden. This project has been years in the making, and we are incredibly proud to see it come to life. It is a beautiful space that represents a major achievement for our school and a lasting legacy for future students.

Gratitude and Acknowledgements

The dedication of our staff continues to inspire, as they go above and beyond for our students and school community. A heartfelt thank you also goes to our School Council and P&C. Their guidance and support have been invaluable in building strong community partnerships and driving our whole-school strategic planning.

Looking Ahead

As we wrap up the term and the year, there is much to be grateful for. Our school community continues to thrive through collaboration, care, and a shared commitment to excellence.

Wishing everyone a safe and joyful holiday season, and looking forward to another year of learning and growth together. With Joy, Miss Peeradina

Mounted Police Incursion

Mounted Police Visit the Early Years

The Early Years students had a very special visit from the Mounted Police last week. Constable Lucas and Officer Dave arrived with their magnificent horses, Ink and Fergus, to teach us all about their important roles in the police force.

The children were fascinated to learn how horses help police officers in their work, especially in large crowds and community events. We discovered that horses can swim, eat a lot, and weigh even more! Despite their size and strength, they are also very gentle and soft to touch.

Everyone enjoyed meeting Ink and Fergus up close, giving them pats, and asking lots of questions. It was an exciting and educational experience that the children will remember for a long time!

Health Tips : Water Safety

In Australia, drowning is the number one cause of death for children under five. To keep your children safe around water:

- Always stay with your children and watch carefully when they are near water, even if they can swim.
- Teach your children about water safety and make sure they learn how to swim.
- Have the whole family learn first aid.
- If you have a pool have it fenced with self-closing gates.
- Never leave them alone in the bath.

The Education Department offers low-cost VacSwim programs for school aged children. For more information on swimming lessons during summer via VacSwim go to www.det.wa.edu.au/curriculumsupport/swimming/detcms/portal/ and for water safety tips see www.lifesavingwa.com.au .
